

WEBSITE VERBIAGE FOR EPACT

Palatine Park District is proud to announce our adoption of ePACT Network, a health and safety software to better support all our families and make it easier to submit critical data securely!

Why are we using ePACT? ([ePACT vs Paper Forms](#))

- To save you time - with ePACT, you only need to complete your child's information once and update it as needed.
- To eliminate high-touch processes - collecting data electronically and checking members in /out using contactless methods reduces contact.
- For better security & privacy - ePACT's high encryption levels and commitment to security means your data on ePACT is safer than on paper.
- Ease of use - you'll easily be able to edit pertinent information, like emergency contacts, medical information, or who is allowed to pick up your child from camp, at any time.
- Reduction of paper waste.

How does it work?

It's a very simple process! You'll be sent a request for EACH child - click the "Complete Request" button, create an account and follow the prompts to share data with Palatine Park District. If you have more than one child attending, family data will automatically pre-fill, saving you time!
